

# Horizontal Flow Wrapper With Touch Screen Settings

Model:

**WHP-350H, WHP-450H, WHP-600H**

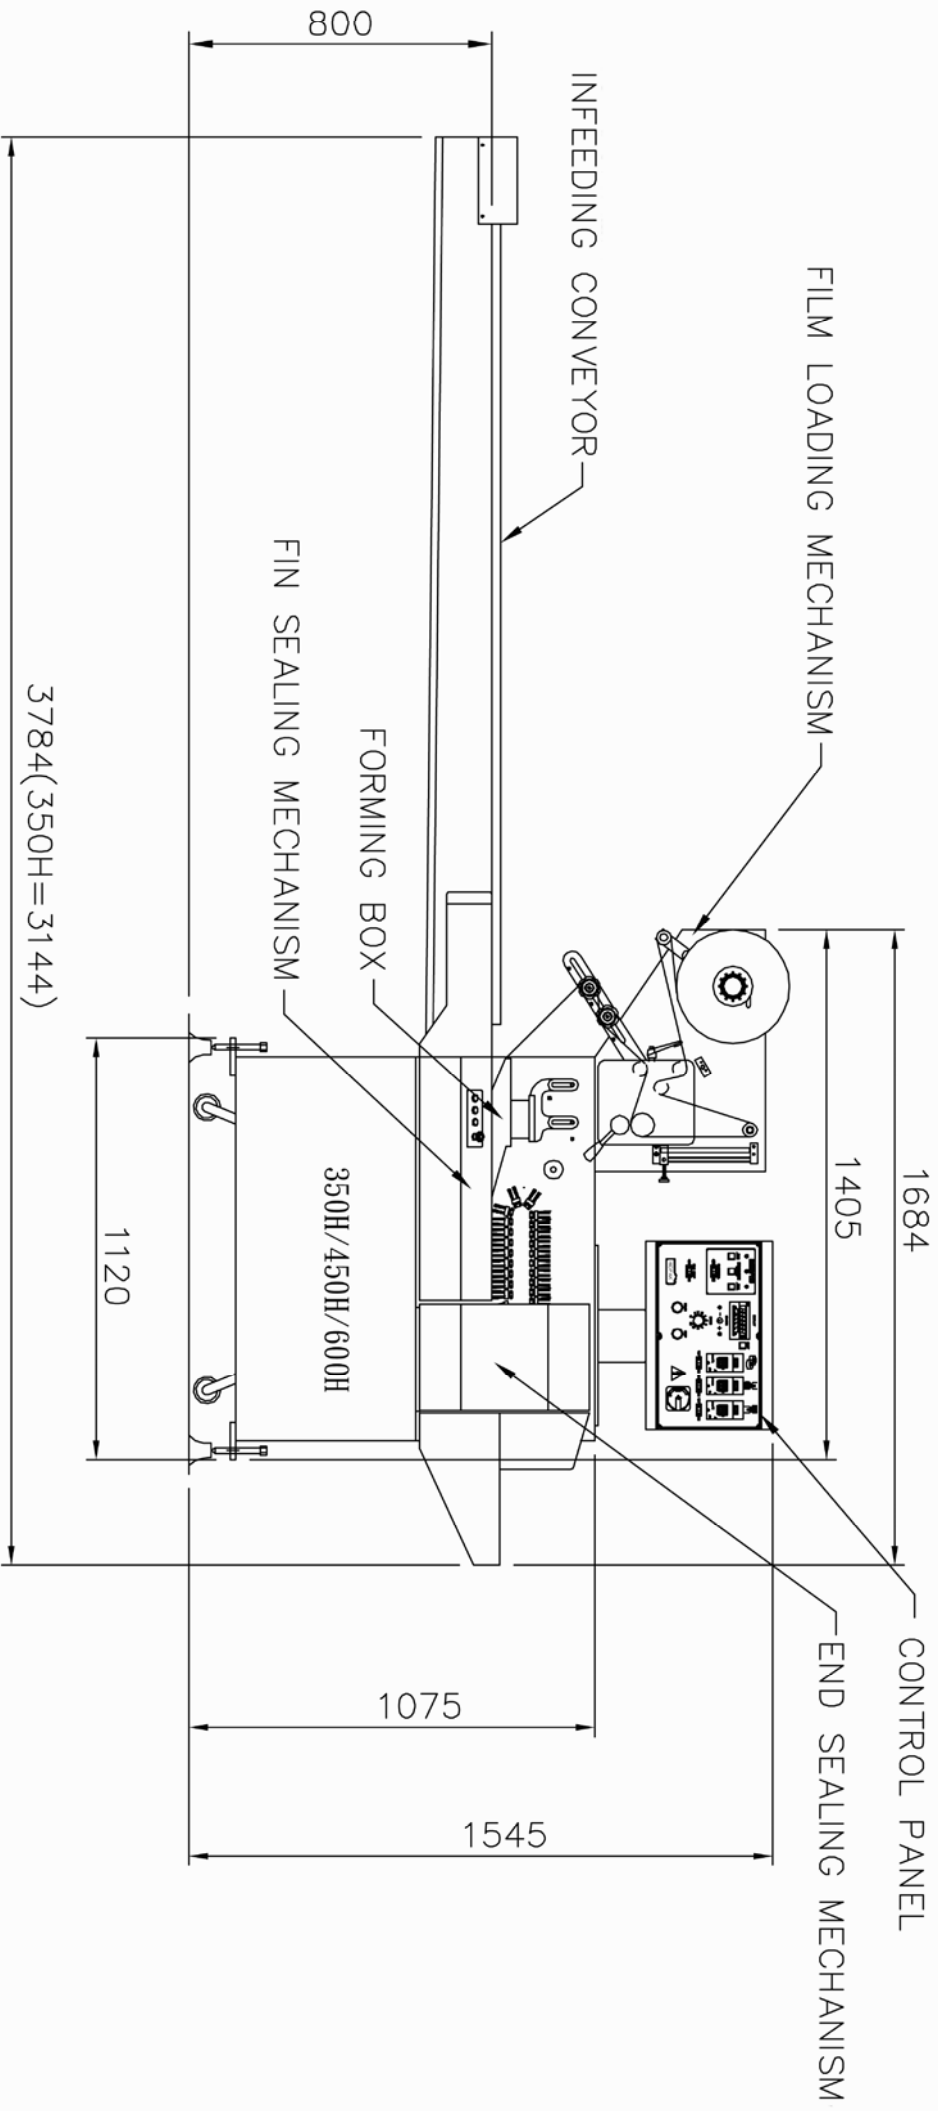

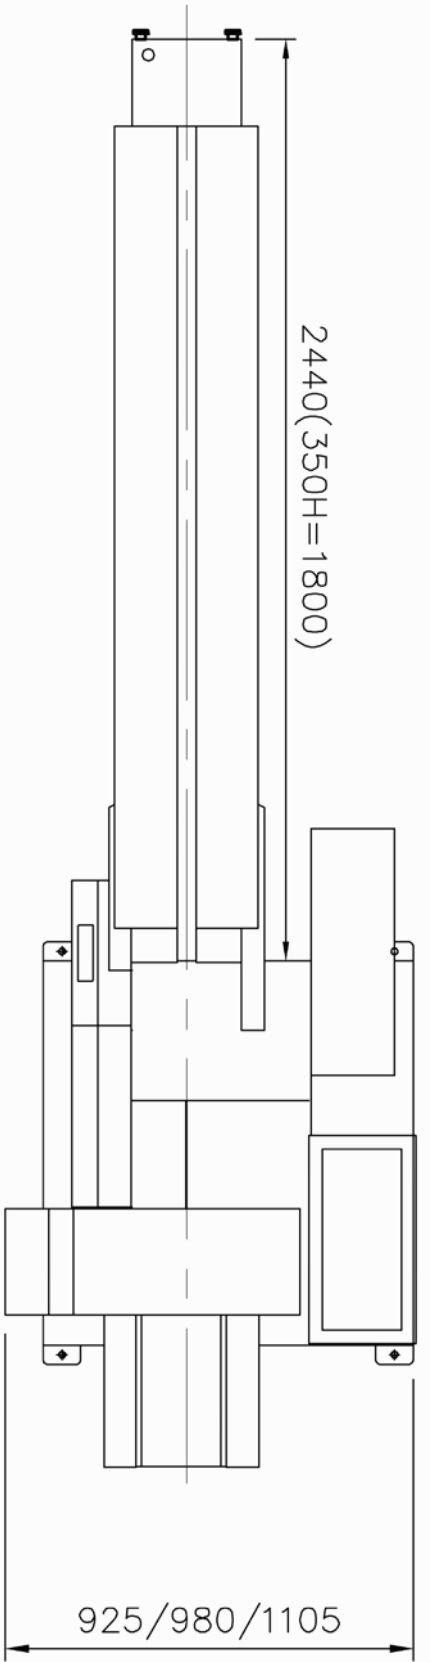

## Features:

- \*User-friendly human / machine interface with 4.3" touch screen for convenient operations.
- \*Compact construction for reduced space requirements.
- \*Bag length indication ensures fast and accurate length adjustment.
- \*Optional feeding system: Optional feeding systems are available for various products.
- \*Equipped with precision photocell sensor for film registration control.
- \*The machine stop automatically when the film runs out.
- \*Three sets of temperature controller.
- \*All product-contacted areas are in stainless steel or plastic construction.

## Specifications:

| Specification                | WHP-350H                                     | WHP-450H            | WHP-600H              |
|------------------------------|--|---------------------|-----------------------|
| Operation speed              | 20~200 pack/min                              | 20~200 pack/min     | 20~150 pack/min       |
| Bag length                   | 80~320 mm                                    | 80~320 mm           | 100~400 mm            |
| Max. film width(roll dia.)   | 350 mm(300 mm)                               | 450 mm(300 mm)      | 600 mm(300 mm)        |
| Product width(max.)          | 20~120 mm                                    | 20~120 mm(50~150mm) | 80~230 mm(110~270 mm) |
| Product height               | Max. 60 mm(90 mm)                            | Max. 60 mm(90mm)    | Max. 60 mm(90 mm)     |
| Main drive motor             | 1 HP   | 1 HP                | 1 HP                  |
| Heater                       | 800W for center sealer, 1200W for end sealer |                     |                       |
| Power requirements           | 240 V, 15 Amps                               |                     |                       |
